

**Registration is with Bracknell Forest Borough Council
Licence Number LN/20030320**

1. Purpose

1.1 The Dulwich Hamlet Supporters' Trust 100 Club ("the 100 Club") will be a lottery intended to provide funds for the benefit of purposes determined by the Dulwich Hamlet Supporters' Trust ("DHST").

2. Legal Status

2.1 The 100 Club will be registered with the Bracknell Forest Borough Council ("BFBC") as a Society Lottery, and will operate under the relevant legislation.

2.2 According to legislation, the maximum value of tickets sold under by the 100 Club will be £20,000 per annum. The value of a single ticket (or "chance") will be £1. The maximum value of prizes given in each drawing is limited by legislation to 50% of the value of tickets sold.

2.3 Expenses incurred (other than for prizes) will be kept to a minimum. All expenses incurred (even when covered by donations) will be recorded.

2.4 Details of draws will be lodged annually with the BFBC as required by legislation.

3. Operation

3.1 The Promoter of the 100 Club will be a DHST member appointed by the DHST board.

3.2 When the Promoter is notified that the 100 Club has been registered with BFBC, subscription to the 100 Club will be invited.

3.3 A subscriber will be required either to complete a monthly Bank Standing Order in favour of the 100 Club to the value of an exact number of pounds and to send the Standing Order form to the Promoter, or to provide a cash lump sum to the value of at least six months' contributions. No Standing Orders will be implemented until a Trigger Level (see below) has been reached.

3.4 Monthly draws will begin once an agreed level of subscription ("the Trigger Level") has been reached. It is proposed that the initial Trigger Level be set at £100/month.

3.5 Once the Trigger Level has been reached, the Promoter will notify all subscribers that payments under their Standing Orders will begin at a convenient date in the next four weeks, and will send the relevant forms to DHST's bankers, having completed the date part of the

form appropriately. The Promoter will also announce that draws will begin two weeks after the initial payment date.

3.6 To reduce costs, physical tickets will not be issued to subscribers. Instead, a list of subscribers to each draw and the numbers allocated to them will be available for examination by subscribers before each draw is conducted.

3.7 One draw will be conducted each month, so long as contributions remain above 75% of the Trigger Level. When contributions drop below this level, the 100 Club and all associated Standing Orders will be suspended. If contributions remain below 75% of the Trigger Level for three months, the 100 Club will be closed.

3.8 Draws will when convenient be conducted at Dulwich Hamlet home matches, with the results published on the noticeboard (and announced by Tannoy when possible).

3.9 There will be two cash prizes in each draw. The first prize will be to the value of 25% of the prize pool (contributions less expenses). The second prize will be to the value of 15% of the prize pool.

3.10 The Promoter will not accept subscriptions above the level of £1,600/month, in order to remain within the scope of Society Lottery legislation.

4. Distribution of Profits

4.1 Profits of the 100 Club will be used at the discretion of the DHST Board (but see 4.2 below).

4.2 If the 100 Club is wound up, all profits remaining after the repayment to subscribers of monies which have not yet purchased tickets in draws will be used at the discretion of the DHST Board.
