To: Dulwich Hamlet Supporters' Trust
From: Mr. N. McCormack
Date: 7th February 2007
Subject: Reply to letter 'Terms of Agreement'

The directors of Dulwich Hamlet are more than happy to be associated with a supporters association whose aims are to assist and promote the football club and where ever possible are willing to communicate with the association on matters that affect the future development of the Football Club.

The work that the supporters do related to the community is highly valued and supported

The running of the 100 club and its resulting profits are appreciated by the directors and they are happy to discuss how the monies are to be used for the benefit of the Football Club.

The directors of the Football Club will not sanction any transfer or sale of shares to any supporters association but are happy for representation on the clubs management committee under the Football Club Chairman.

With regard to any of the claims under item 9, it would not be possible to include them in any authorised agreement.

It is hoped this clears up any misunderstandings and allows us all to progress into the future in partnership.
